

EXPO XXI introduces
spectacular Event Loft

Party lounge

Get-together

A building structure, dating from the turn of the century, with arches and architectural finesse

Your multifunctional venue with individual ambiance for special concerts, gala performances, extraordinary parties and much more!

The attractive multifunctional venue located in the very heart of Cologne has extended its facilities by a special highlight: the Event Loft. Stretching across an area of 1300 sqm (Loft I: 850 sqm und Loft II: 450 sqm) the Event Loft – being a more than 100 year old vault – offers space for up to 1500 guests.

Loft II can be used separately as a smoking area. However, it is also possible to organise smaller events within this setting.

We are delighted to offer you an individual conception for your event.

The historic and classy premises, with heights of 7,60 m, stand for best conditions for any kind of event.

Be it parties, gala performances, receptions, company or Christmas parties or exhibitions – the Event Loft has a lasting effect on everyone involved and turns every event into a great experience as the interplay of colour and light produces unique effects in the impressive premises.

The Event Loft could often substantiate its versatility with events such as the get-together of XING members, the ART.FAIR 21, a product presentation by Lucky Strike, public fairs such as MacLive Expo and eat'n STYLE and several parties within the scope of the c/o pop festival (annual festival for urban pop culture). The Event Loft stands for diversity.

Come and see for yourself.

Welcome!

Historic overview

Dating from the turn of the century, the building has in the past been used as a distribution centre of the Cologne post. Bearers at the ceiling of the Event Loft still indicate former rails of the posttrains.

Likewise, columns and arches remind of the past atmosphere and add a distinctive charm to the premises.

Intelligent combinations under one roof

EXPO XXI offers distinctive interplay of multifunctional Exhibition and Event Hall, modern Entrance Hall adjoining the Conference Centre and an Event Loft, which is located on the ground floor covering all together 7000 sqm.

Let us make an appointment for you to visit the Centre and come and see for yourself! We are looking forward talking to you and realising your individual and professional event.

We are looking forward to meeting you.
